"Do something right or not at all" has been an adage heard and taught by your correspondent's parents since childhood. However, the results being reported can be interpreted in two ways. Carving a roast Sunday night and being in a hurry and carving it the wrong way, a slip of the knife and a cut index finger. According to Dr. Walton Prescott it was a good job and nothing half-way as he had to take ten stitches in the left

index finger. So altho the roast was carved and a bad job, did a good job of carving the finger. This week's typing leaves a lot to be desired since one finger is incapacitated.

The Tahoe Archers won first and second places in the big California meet in Tulare last weekend. Winning for the local club in the men's division of the two day "Limber Limb" Archery tournament was Dr. Hilliard Homes in first and Tony Weidel in second.

Over 300 shooters participated from all parts of California and Nevada. Congratulations to these two men for bringing this honor to our area.

Jetta Steward of Tahoe Vista

welcomed her family—sister Maris Barton of Aurora, Nebraska, her brother and sister-in-law, Dr. and Mrs. Noel Ing of Atlantic, Iowa, brother Stanley Ing of Hill City, S. D., sister and brother-in-law Dr. and Mrs. Dan Anderson of San Leandro and sister Beryl Moses of La Jolla who spent several days with her following the tragic accident of her son.

Virginia Casella, former Kings Beach resident, was a weekend visitor to North Shore friends from Palm Springs.

Our most enjoyable lunch in many a day was with two charming gentlemen, one local and one world renowned visitor. Jack Knorpp of Crystal Shores and his guest Ray Bolger. Bolger is interested in the Lake Tahoe area and appeared at the Sparks Nugget last December. He appeared at Cal-Neva Lodge about four years ago and is one of our favorite entertainers. In person he is witty and gracious as well as charming. We are greatly indebted to tall, blond and handsome Jack for his invitation.

Lenny Leonard of Kings Beach and Connie Douglas of Incline Beach were married in a double ring ceremony Monday March 2nd at the Wedding Chapel in Carson

City. After a short honeymoon the couple will make their home at their new home in Incline Village. Lenny is employed at the Crystal Bay Club.

Tony Ryerson of Chicago has opened his winter home at Brockway. Came out for his annual skiing. To accommodate him, the weatherman brought a couple of new snowstorms to insure him good skiing.

Mr. and Mrs. John M. Callahan, Jr. and son Rickey of Reno and Mrs. Callahan's mother, Peggy Souve of San Jose, are new residents of Incline Village. Rickey is a student in the seventh grade at Incline Village.

Dave Solari of Kings Beach is home again after being hospitalized at Tahoe Forest Hospital in Truckee. Lila Gorrinda of Tahoe Vista is in a Reno hospital. Minnie Wagoner of Kings Beach is improving nicely and is expected home in a few days. Minnie thanks all her friends for the cards, flowers and visits she has had during her confinement.

Bob Elliott of Agate Bay observed his birthday on March 6 by a dinner party at the home of his parents, Bill and Helen Elliott of Tahoe Vista. Bob's wife, Caroline, and children, Cindy and Bobby joined in the celebration.

Happy birthday to Martha J. Holmes of Yuba City on her 87th birthday on March 9th. Daughters are Ceta Hooper of Reno and Kings Beach, LaVerna McFarlane of Yuba City and Bethel Van Tassel of Tahoe Vista.

Robert P. Knorpp of Long Island is visiting his son and daughter-in-law, Jack and Darlene Knorpp and children at Crystal Shores for a week. Knorpp is in the printing business in New York City and is enjoying his semi-annual visit to Lake Tahoe.

Lydia Circle met in the Fireside Room of the Kings Beach Methodist Church in Kings Beach Monday night. After a business meeting and discussion on plans for a progressive dinner, refreshments were served. Present at the meeting were Pearl Draney, No-reen Marx, V. Ann Mandeville, Peggy Mandeville, Beth Smith and Faye Dean.

April 10 is the tentative date for the progressive dinner, however, complete plans have not been formulated. Watch for later announcement.

Dorothy Beck, president of the Kings Beach Elementary School PTA, reports that 120 books were taken out of the new school library the first day it was open. However volunteers are still needed—four hours a day during school hours. Please phone Dorothy at

546 3361 if some one has the time for this most worthwhile endeavor.

Speaking of cut fingers—Frank Wagoner of Kings Beach apparently finds a lot to be desired when it comes to thinking over the household responsibilities while Minnie is in the hospital. Cut his finger on the grader door and had to have five stitches taken to close the wound.

According to statistics most accidents happen at home—and to warn readers to be a little more cautious and alert—Jetta Steward reports that her friend, Daphne, of Reno was slicing sandwich meat the other evening when she too forgot to keep her finger clear and as a result went to emergency where she had seven stitches.

Alice Price of Kings Beach is home after being hospitalized several days. Will recuperate a few more days before returning to work.

The Lake Tahoe Ski Club held a benefit buffet dinner Thursday

The last thing you'll need is power steering.

Power steering is for cars that are hard to steer. Heavy cars, with big front engines to push around. With a rear-engined VW, you won't need power steering. Or power brakes. Or optional, higher-powered engines. Which is just as well. They're not available. On the other hand, we have some extras you can't avoid: Four-speed stick shift. Bucket seats. A heater/defroster. A windshield washer. Because you can't avoid them, we don't charge any extra. If you insist on paying more, we have a few things to offer: A sunroof. Leatherette upholstery. A radio. Whitewall tires. A side-view mirror. If that's still not enough, maybe you should look at something fancier. More power to you.

Mackinaw To Have New Diet In Tahoe

Lake Tahoe Mackinaw trout may have something new to dine on if recent plantings of Bonneville Cisco adapt and multiply, the California Department of Fish and Game announced this week.

During the last week of January, some 5,000 of the Cisco were planted into Tahoe, part of them on the

Nevada side at Cave Rock and part of them in the Pebble Beach area on the California side, as part of the cooperative Nevada-California Fish and Game Departments' Tahoe project.

The Cisco were obtained from Bear Lake on the Utah-Idaho border. Bear Lake is the only water in which the small fish are found. Ted Frantz, Nevada fisheries biologist at Tahoe, Bob Hiltz, George Fitz, Stan Havens and Mahlon Hussman of the Nevada Fish and Game's Fisheries Division and Almo Cordone, project leader at Tahoe for the California DFG, journeyed to Bear Lake and there, with the aid of Utah and Idaho Fish and Game Department personnel, dip netted the Cisco and hauled them back to Tahoe. Two loads were required, with one coming in on January 24 and the other on January 25.

Related To Trout

Characteristics of the Cisco make it a desirable forage fish and one that looks as if it may stand a good chance of adapting to Tahoe conditions.

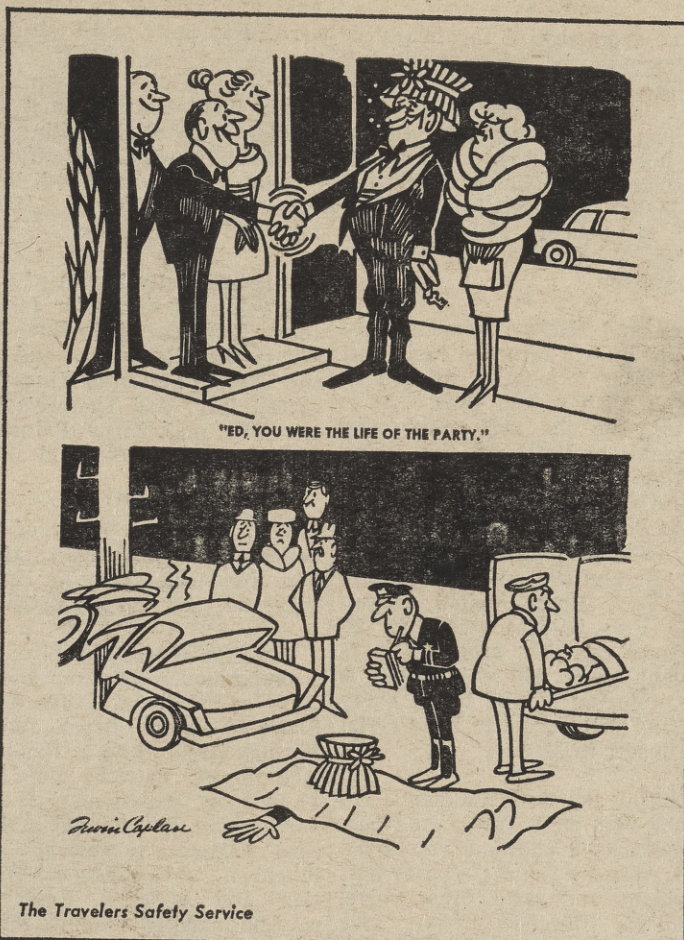

The fish, which are relatives of the trout, seldom grow larger than eight inches or so in length. In Bear Lake it is abundant and prolific. It is pelagic, that is, it occupies open and deep water. For it to survive, water temperatures must be below 60 degrees, thus making it especially suitable cold water species.

The fish is a plankton feeder, one that exists on microscopic plants and animal life found in waters, and therefore does not offer competition to trout. In addition, it is virtually free of parasitic infestation. By habit, it is a schooling fish.

May Be Buffer

It is hoped, that should it find Tahoe to its liking, that it will provide a food source for Mackinaw

Cowboys and Engines by Irwin Caplan

Almost 60% of the deaths occurred at night. 0

Question Self When Ready For Driving

The next time you get behind the wheel of your car, ask yourself this question:

Am I really aware of the possibility that I could have an accident?

"And, now that you have raised this question, ask yourself another," suggests California Highway Patrol Commissioner Bradford M. Crittenden. "What steps are available to minimize the chances of an accident actually occurring?"

"First," he said, "is compliance with law. Observance of the safety practices spelled out in traffic laws is probably the best single means of avoiding accidents."

"Second is concentration. Driving requires no less than all of your attention, all of the time. Of critical importance, for instance, is what the other driver is doing. He is not in a position to tell you. You can only learn by observing him."

"Third is not-so-common courtesy. In fact, we see far too little courtesy on the road. Your recognition of the rights of others to their share of the highway is a demonstration of your desire to operate safely—and provide others a chance to do the same."

WATER HEARING TO BE HELD AT TAHOE

SACRAMENTO — (CNS) — The state water rights board will hold a public hearing in the Tahoe City Community Hall on March 24 to consider applications of Harrah Realty Company, Thelma S. Schwimley and the Sierra-Nevada Water Company for water from Madden Creek and Lake Tahoe.

The applications are being protested by the Sierra Pacific Power Company.

The Harrah firm has filed for 39 cubic foot of water per second from the Truckee River. Thelma S. Schwimley has filed for 3 cfs from Madden Creek. Her application also is being protested by the Truckee Carson Irrigation District and the California Department of Fish and Game.

The Sierra-Nevada Water Company has filed for .35 cfs from the Truckee River.

Truckee Business Showing Increase

Nevada County listed 1.3 per cent less businesses in 1963 than in 1953 according to a report released by Dun & Bradstreet.

Grass Valley realized a 2.1 per cent increase, Soda Springs a 15.4 per cent gain and Truckee a 7.4 per cent increase in the number of listed businesses for this ten year period, while Nevada City suffered a 22.2 per cent decrease for the same period.

"There were 432 businesses listed this past year in Nevada County, which is a decrease of six businesses over 1953," said R. F. Cathcart, district manager of the San Francisco office of Dun & Bradstreet.

Basing his facts upon the figures in the current November 1963 Reference Book, Cathcart points out that the 47 counties of northern California as a whole showed an increase of 4.2 per cent for this ten year period.

The Reference Book lists only manufacturers, wholesalers, retailers and some service companies, such as gasoline service stations and laundries. It does not include all professional and service businesses, such as barber and beauty shops, real estate and stock brokers.

This month business concerns in all parts of the country will receive requests for their annual financial statements. Requests this year will go to over three million businesses in over 50,000 communities in the United States which are listed in the Dun & Bradstreet Reference Book.

The statements become a part of the Dun & Bradstreet credit reports and a credit rating is assigned in the Reference Book. Each Reference Book listing is a condensed summary of the information contained in the Dun & Bradstreet credit report. The report includes an analysis of the financial statement, a history of the business, and a description of what the business does and how it pays its bills.

"More than 95 per cent of all commercial transactions in the United States are made on credit terms," continued Cathcart. "Dun & Bradstreet is an intermediary between the buyer and the seller. We gather and interpret essential credit background information which is used by business men who want to evaluate the credit risk before shipping or selling, by industry and insurance underwriters as a basis for business decisions."

NEVADA FAIR WILL GET STATE MONEY

SACRAMENTO — (CNS) — California's district and county fairs expect to dip into the reserve pot to the tune of \$3,029,662 during 1964 to provide carnivals for the public during the year.

The fair and expositions will expend \$2,687,365 more than they receive during the year.

These figures are contained in Governor Edmund G. Brown's 1964-65 state budget, submitted to

the legislature. The figures show balances in the fair funds of \$7,661,479 but at the close of the 1965 fiscal year, the balances will amount to \$4,631,817, excluding the Los Angeles county fair.

Income from fair operations will amount to \$15,194,151, according to the budget, but expenditures will amount to \$17,881,516, the difference to be made up from appropriation by the state legislature.

The 17th district fair at Grass Valley will have a balance at the close of the current year of \$30,514. It anticipates income of \$92,800 and expenditures of \$97,205 for a balance of \$26,289 at the close of the 1965 fiscal year.

The world's deepest and hottest steam well near Brawley, California has been drilled to a depth of more than 8,100 feet and has indicated bottom-hole temperatures of more than 800 degrees Fahrenheit.

In California... after bowling, beer is a natural

After you've bowled a game or two, or when you're winding up the evening at the neighborhood bowling center, it's good to relax with friends and compare scores. What better way to add to the sport and the sociableness than with a refreshing glass of beer? However you take your fun—skiing, skating, or at your ease in the game room—beer always makes a welcome addition to the party.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In California...beer goes with fun, with relaxation

George and Milvia Jones of Crystal Shores were Grass Valley visitors several days last week.

Happy birthday to Ray Bergman of Reno, former Kings Beach resident, who celebrated his birthday March 2. To Barbara Prescott Harden of Dalthen, Alabama, who celebrated her natal day March 1 and to her father Dr. Walton Prescott who observed his birthday on March 11.

Ruth Knight, registered district school nurse of the Tahoe Truckee Unified School District has noti-

fied parents that the Placer County Health Department is interested in immunizing not only school age children but preschoolers. The Kings Beach Elementary has set April 2nd for receiving diphtheria tetanus and/or smallpox immunization starting at 9:30 a. m. Preschool children must be accompanied by their parents. Signed permission must be sent to the school for students.

A surprise baby shower was held Wednesday evening March 12 at the Kings Beach home of Janene Geignon with Mrs. L. E. McDonald of Homewood as hostess. Mrs. Avery (Jean) Wiggins, manager of the Bonanza Apartments, was the guest of honor.

Games were enjoyed by the assembled guests followed by the opening of shower gifts. Refreshments in theme of the occasion were served.

Invited guests were Marie Weber, Margine Ericson, Marie Sonkson, Barbara Gillmore, Lea Hiller, Marlene Cheesman, Sarah Tanney, Alice McDonald, Sherry Hunt, Denise Stevens and Denise's mother-in-law, Mrs. Grover Miller and the hostess.

Donna Beck daughter of Don and Dorothy Beck of Tahoe Vista celebrated her 12th birthday February 22nd. Dinner at the Swiss Chalet with parents and brothers, Greg and Craig, honored the occasion. Craig has transferred to the University of Nevada from the University of California. He likes it much better as he is able to come home weekends to ski.

Another Beck celebrating a birthday was Don. His natal day was March 1st and Dorothy tried to surprise him with a party. However, snow conditions were such that Don, on a trip to Sacramento, was snowbound on the summit. Phoning home to report a slight overnight delay, Don found that he was guest of honor at a party he was unable to attend.

Theresa Denton of Crystal Shores and Ruth Mizner of Kings Beach spent a week's vacation in the south. Visited Emma Grace in Pasadena and Mildred Mathias at Alhambra and the Siples at Glendale. Had a bridge game with Mildred and Emma and friends before their return.

Leslie Denton returns home to wife, Theresa, and Crystal Shore this week after a four months trip

which took him to South Viet Nam and Japan.

Our sympathy to the family of Gertrude Raymer who passed away in Grass Valley February 29th. Mrs. Raymer celebrated her 71st birthday on February 28th. Surviving her are children, Carl Brooks of Kings Beach, Mickey Mandeville of Incline Village, Donald Raymer of Palmer, Nebraska, and Phyllis Schumacher of Spokane, Washington.

Bud and Mickey Mandeville of Incline Village returned home last week after a month's sojourn in Hawaii. Visited son, Buzz, who is working on the golf course and Rockefeller Hotel on the Island of Hawaii.

Also returning home after a two weeks vacation in Hawaii are Don and Nelle Barkhurst of Brockway. The Barkhursts and Mandevilles and Vera Moser visited Hawaii Calls. Vera holds a record for attendance to this program it is thought—some 240 visits. Vera is fine, relaxing on the beach every day and will return to her Crystal Bay resort in May.

Visiting the Reno Emblem Club on the 24th were Junior and past president and supreme correspondent, Alysmae Schultz, charter past president and state press correspondent, Florence Brown, vice president Sophie Levra, Theresa Sutton and Velda Farris.

Attending the installation of Quincy Emblem Club 242 on the 27th were Alysmae Schultz, Sophie Levra and Florence Brown, who are part of the supreme installing suite.

Florence Brown and Alysmae Schultz represented the Lake Tahoe Sierra Emblem Club at the installation ceremonies of the Carmichael Club last week. Fred Schultz, exalted ruler of BPOE 2140 North Tahoe Sierra Elks Slub accompanied his wife and Florence.

Gwen Robinson of Incline Village visited her mother Mrs. Pauline Fleming at North Hollywood and her son, Mike, at Fresno last week.

Three teachers of the Kings Beach Elementary School have been confined home with bad colds—Barney Wilen, Betsy Howlett and Marnel Thomas. Get well soon!

Jack and Velda Farris of Kings Beach and Fred and Alysmae Schultz of Tahoe Vista attended the Dog Sled races at Ebbetts Pass over the weekend. Don't forget the Dog Sled races sponsored by the Greater North Lake Tahoe Chamber of Commerce March 13, 14 and 15. With the new snowfall the races are expected to be exceptionally good.

Jack Farris of Kings Beach attended telephone school last week.

The eighth grade of the Kings Beach Elementary School with the assistance of their teacher, Alysmae Schultz, are selling school pins to the three upper grades. The pins will be inscribed with KBS and the year of graduation. The money realized from the sale of the pins will be used to establish a fund for a graduation gift to the school.

Maxine Polzin has returned home to Incline Beach after a wonderful trip around the world. She went with the University of Seven Seas as a student on the four months trip. 22 ports of call were touched and Maxine was very impressed with the new conception in education. She is also ready to go again either as a student or a tourist. Maxine spoke to the North Tahoe Rotary Club Monday night on the University since it was initiated by the Whittier Rotary Club.

Marian Mueller of Kings Beach was hostess to a bridge party last Thursday at her home. Present

were Jean Sundquist, Carly Wilbur, Jean Kimbrough, Marguerite Ashton, Nora Ferrari, Bertha Berghardt, Kay Felte and Ruth Mizner.

The VFW Auxiliary met at the Crystal Bay Club with Esther Horstman president officiating. Present were Vera Wood, Bernita Jones, May Murray, Marjorie Jobe and Clea Liddle.

Carl and Betty Moran of Carson City were dog-sitters for John and Jerry Rayburn of Incline Beach when the Rayburns and Tom and Theresa Sutton of Kings Beach visited Jerry and Theresa's brothers, Bill and Larry Peluso and their families in Oakland and Lafayette last week.

S. J. and Flora Klein of Kings Beach are home again after a trip that took them to Houston, Galveston and Corpus Cristi.

The Crystal Bay Fire Sirens plan a simultaneous luncheon and card party at the home of Mrs. Edward Black at Incline Beach and Mrs. Norman Applewhite at Incline Village on St. Patrick's Day March 17 at noon. Reservations may be made by phoning Mrs. Byron Wilbur at 546 2517, Mrs. Black at 831 0297 or Mrs. Applewhite at 831 0692. Make reservations early as a large attendance is anticipated.

Jack Kissinger, fire chief of the Crystal Bay Fire Department, will speak on "Fire Prevention" at the March 12, Thursday, 8 p. m. meeting of the Fire Sirens at the fire house.

The Fire Sirens have paid for 30 chairs for the fire station from funds raised by their efforts. Money realized from the luncheon-card party will be used for the needs of the fire department as they arise.

The men of the Kings Beach Community Church have planned a St. Patrick's breakfast for Sunday March 15th which will be served from 8:30 until 10:30 a. m. It will be open to the public and a donation of \$1.25 for adults and 75 cents for children will be asked. The breakfast will be served in the Fireside Room and it will be surprising to see what good cooks the men are—of course, we all know Bob Critchley's capabilities in the kitchen.

Pacific Telephone has started work on the final leg of its 3,000-mile transcontinental coaxial cable to insure safety of communication in

event of a nuclear blast. Equipment used in the big job is shown above as the task gets under way. The work started in Mojave.

ADDED SECURITY FROM TELEPHONE COMPANY

American security in case of an atomic attack was made stronger today when Pacific Telephone began laying the final leg of an historic 3,000-mile transcontinental "hardened" coaxial cable—impervious to any nuclear blast, short of a direct hit.

Its prime purpose is to provide communications for America's defense during an emergency or na-

tional disaster.

The underground cable—the first of its type in history and nerve system of a gigantic "buried" telephone communications network spanning the continent—is a joint project of the American Telephone and Telegraph Company's Long Lines Department and Pacific Telephone.

The "hardened" cable project co-

16 To Compete In Junior Ski Events

TAHOE CITY—Sixteen top junior skiers will represent the far west in competitions to be held next week at the junior nationals at Alpine Meadows and Squaw Valley. Racers from all over the country will be vying for top honors in both nordic and alpine events.

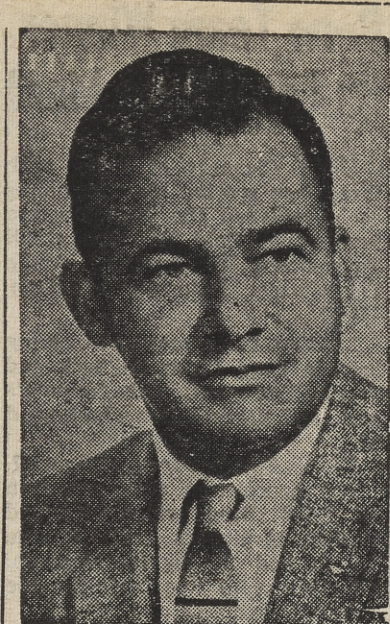

The far west Alpine team was picked after the downhill point meet competition held at Alpine Meadows last Sunday. Dr. Ted Lerch, chairman of the junior competition committee, announced the selections and predicted they would make an excellent showing at the national meet.

Team members are Carl McCoy, Mammoth Mt.; George Batchelder, Mammoth Mt.; Greg Moore, Lake Tahoe Ski Club; Greg Dorland, Heavenly Valley; Pat Cooper, Mammoth Mt.; Lance Poulsen, Lake Tahoe Ski Club; Brian Degan, Heavenly Valley; Joel Baker, Mammoth Mt.; Dick Nielsen of the Lake Tahoe Ski Club and Charlie Birimisa of Mt. Shasta will serve as alternates on the boys squad. Girls picked for the team are Penny McCoy, Mammoth Mt.; Cathy Allen, Mammoth Mt.; Vicki Jones, Lake Tahoe Ski Club; Patti Kelly, Sugar Bowl; Robin Morning, Mammoth Mt. Serving as alternate will be Sherry Wood of Heavenly Valley.

incides with construction of a new transcontinental microwave system which will cross the Sierras near Lake Tahoe via a Pacific Telephone relay station perched high atop snow-capped Mount Echo. Both Bell System projects are scheduled to be completed this year.

This morning, linemen and splicers guided the first few feet of cable down into a four and one half feet deep, freshly cut trench, headed west from Mojave. It unrolled itself into the trench from a huge three and one half ton spool mounted on a heavy-duty tractor. The tractor was preceded by a large wheel trench-cutter which took its first bite into Mojave's earth just after leaving AT&T's big \$4.5 million underground emergency switching center.

were made available for local use in the water bond act at the insistence of northern legislators," commented the Senator.

Also, Lunardi emphasized that he has consistently fought for a larger ratio of state participation in the financing of education and an equitable method of taxation of farm land on a use basis.

During his tenure in the legislature, Senator Lunardi has served on several major committees, such as transportation and commerce, public utilities and corporations, public health, agriculture, livestock and dairies, past chairman of military and veterans affairs committee, state allocation board, joint committee on fair classification, commission on Indian affairs, and is presently a member of the senate fact finding committee on natural resources.

Senator Lunardi is married to Geraldine F. Shirley and is the father of three children. He is a veteran of World War II and a member of the American Legion, VFW, Eagles, Sons and Daughters of Italy in America, Western Mining Council, Placer County Democratic Central Committee, El Campus Vitus, Placer County Historical Society, Moose Lodge, Elks and Rotary Club.

SUITS ARE FILED IN SQUAW VALLEY ROW

AUBURN—Officials of Squaw Valley Inn filed a \$190,000 suit against Squaw Valley Land and Livestock Company as the result of a feud over a property lease and work on a drainage line.

Lawyers for Squaw Valley Inn, which is valued at \$800,000, stated it was well known by officials of the land company that Squaw Valley itself was not a sufficiently popular resort to assure the success of the inn operation.

The attorneys maintained it will take years before the inn is a successful business venture, and although there have been a few delays in paying a \$360 a month lease, the land company has filed a default action against them.

The suit also asks for a restraining order to halt work on a drainage line now being built on property leased by the inn corporation. The plaintiffs claim shrubs, trees and other natural assets are being destroyed.

Named as defendants in the action are Wayne E. Poulsen, president of the land company; Lawyer Robert McCarthy; Charles O. Greenwood, an engineer; and John Hitchcock, a contractor.

Leading the champion's scoring brigade were Chico Feilback and Bernie Fumagalli, with 26 points each, and Barry Miller who tanked 25.

Dennis George paced ATO on 17. The consolation title was won by Food King which defeated Marier's Marauders, 93-63. George Nelson had 28 for the winners; Russ Wickwire was high for the Marauders on 13.

Fumagalli was named most valuable player in the tourney.

Feilback received an award for being the meet's high scorer.

It was voted by the Fire-ettes that a fund raising project for the fire department will be a dance to be held in June. Where the dance is to be will be announced at a later date.

The yearly membership drive will be in April and each member is requested to bring a guest, as a prospective member, to the April meeting. The April meeting will be the Easter hat parade, to be held on April 2nd, place of meeting to be announced at a later date.

Everyone may share in the race excitement, Daneri stated. A dinner will be held at Nevada Lodge March 13 at 7:30 p. m.

For the benefit of the Chambers North Tahoe promotion activities Yukon Charlie has been brought into the races to handicap the teams, Daneri said. Admission to the races Saturday and Sunday is free and in addition to the big races there will be junior events, powder puff races, weight pulling and lead dog contest events, and the extra special sleeping bag fun race.

Fire Sirens At Lake Now Reorganized

CRYSTAL BAY—The Crystal Bay Fire Sirens met recently at the home of Mrs. William Baker, Incline Village. The Fire Sirens are the women's auxiliary to the volunteer firemen of Crystal Bay, and have re-organized with the primary aim of raising funds to help the volunteer firemen buy extra needed equipment.

As a first step, 30 chairs have been ordered for early delivery at the fire station, cost of the chairs being met out of current funds in the Fire Sirens' treasury. To raise further monies a food sale was held on February 23. Mrs. Gene Parsons, chairman of the ways and means committee announced that the food sale was a great success.

A money-raising — bridge-luncheon is planned for March 17, the participants to be entertained in the homes of Mrs. Norman Applewhite and Mrs. Edward Black, respectively. For tickets contact Mrs. Norman Applewhite, Telephone 8310-0692.

The present membership of the auxiliary group consists of the following: Mesdames Norman Applewhite, William Baker, president, Ted Berrum, treasurer, Edward Black, vice president, Leonard Bowser, William Bulman, William Burrell, Hewitt Clark, William Coulter, Ted Draney, Ricardo Echevarrieta, Pat Flagerman, Grover Foote, secretary, Irene Kaier, Richard Killian, Jack Kissinger, Robert Klinker, Paul McCoy, Gene Parsons, Edward Proctor, Richard Springer, Tom Sutton, Byron Wilbur and Hildegard Willmann.

The next regular meeting of the Fire Sirens will be held today at the Crystal Bay fire station, where Fire Chief Jack Kissinger will give a talk on fire prevention. All interested women in the Crystal Bay area were cordially invited to attend this important meeting.
